Ms. Shakhnoza Umarova,
Director of CAREC
Branch in Uzbekistan

Tel.: (998 71) 237 19 23
email: uzbekistan@carececo.org
www.carececo.org

MAIN OBJECTIVE(S)

To sensitise and generate a greater degree of awareness on the strategic importance of water saving, water conservation and environmental protection under the conditions of climate change.

BENEFICIARIES

Water professionals, public, farmers, local authorities, water related organizations, rural communities (mahallas), youth organizations, schools, universities, mass media and non-governmental organizations.

OVERVIEW

To inject existing networks with advocacy tools for NGOs, mass media, increase participation of youth (sustainable development) and local communities for impact-oriented advocacy that will result on policy improvement.
